

Night of Science

at Max Planck Institute of Biophysics

June 13, 2025 | 5–9:30 p.m.

MAX PLANCK INSTITUTE
OF BIOPHYSICS

★

Lectures (in English)

6:30 p.m.

**"Autophagy: Why Your Cells Eat Themselves
(and How This Benefits You)"**

Speaker: Els Kuiper

7:45 p.m.

"Manufacturing in Our Cells"

Speaker: Tzu-Jing Yang

9:00 p.m.

"Can DNA Dance?"

Speaker: Hristo Ivanov

Location: Lecture Hall of the Max Planck Institute of Biophysics

★

Guided Tours of the Electron Microscopy Facility (in German)

Learn how our electron microscopes can make tiny biological molecules and building blocks of the human body visible during the exciting guided tour!

Time slots: 6:30 p.m., 7:45 p.m., 9:00 p.m.

Meeting point for the guided tours:

To the right of the main entrance of the Max Planck Institute of Biophysics

*** The number of persons for the tours is limited to 12! ***

Please register via:

<https://tour-elektronenmikroskopie-2025.eventbrite.com>

Participation is only possible with the presentation of a valid ticket (digital or printed).

★

Science Games

5 p.m. – 9:30 p.m.

Science for everyone!

Experience how nitrogen becomes delicious ice cream, immerse yourself in the virtual cell and take part in the course of life!

Location: Foyer of the Max Planck Institute for Biophysics
